AUSTRALIA'S HEALTHCARE WORKFORCE

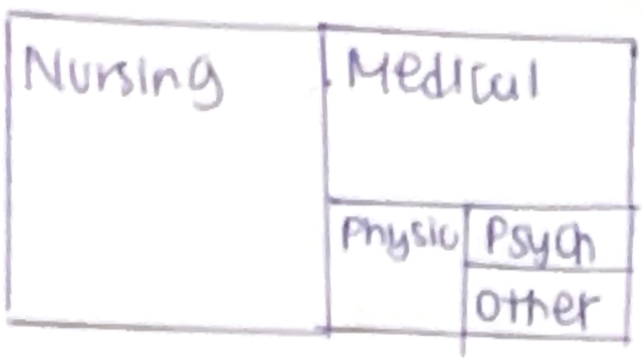

Who is growing, where they work and what it means for access to care

Australia's healthcare workforce is growing, but growth and distribution differ across professions and regions.

Total workforce	Growth since 2020	Largest profession
2024 value	Percentage value	Profession + share

01 A growing workforce

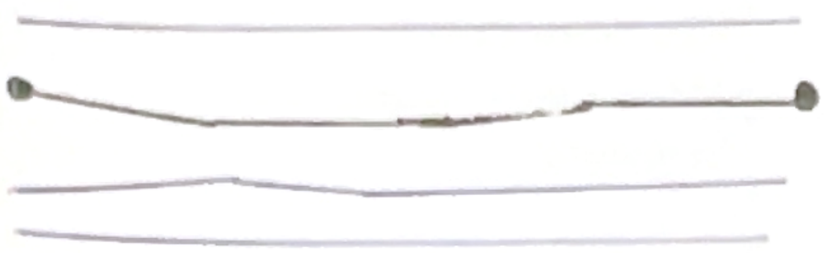

1. Workforce composition

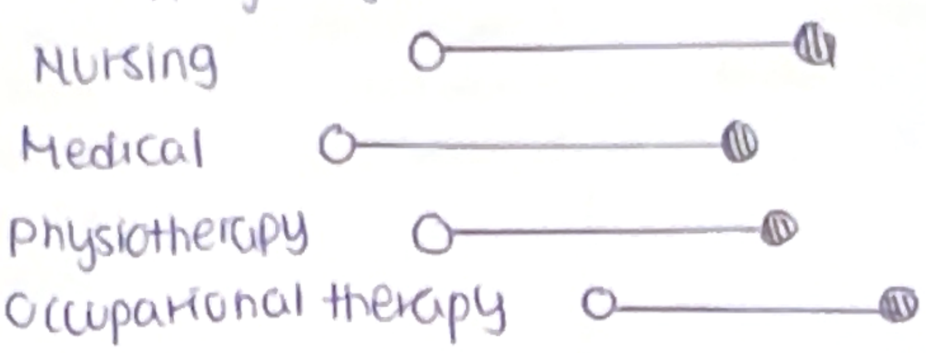

2. workforce growth

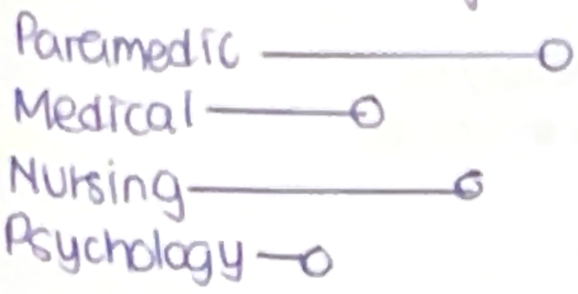

3. Who moved up the rankings?

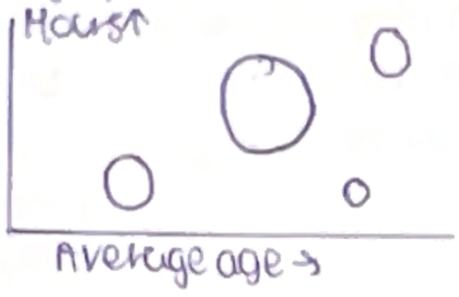

4. Change by profession, 2020-2024

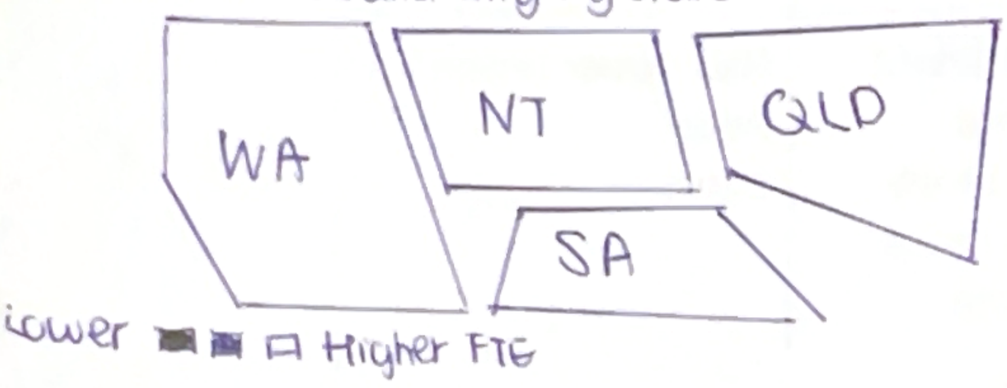

5. Who works the longest hours?

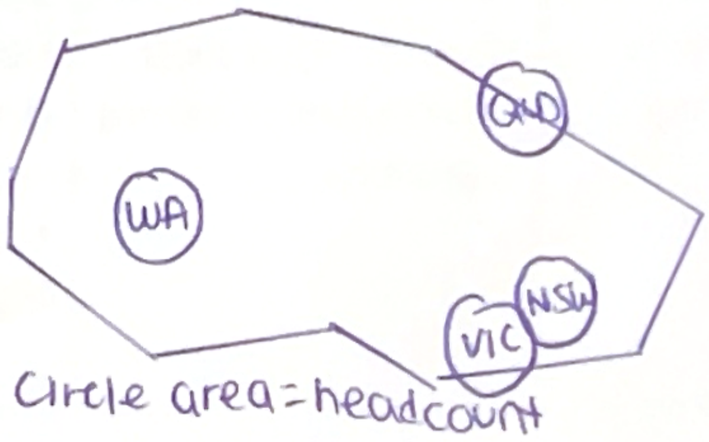

6. Age, hours and workforce size

7. Workforce availability by state

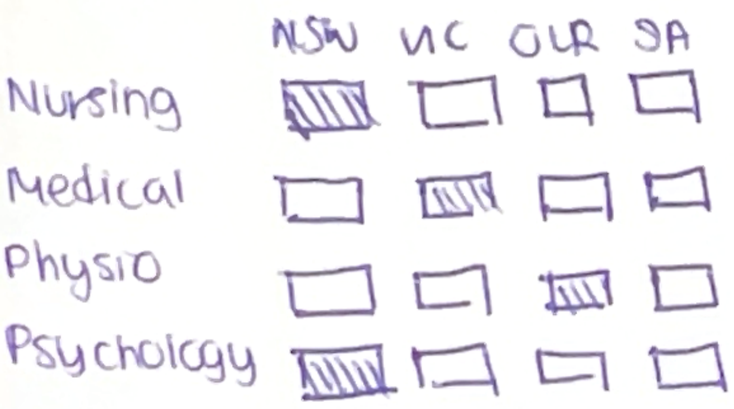

8. Largest workforces

Circle area = headcount

9. Profession x state availability

10. How does workload change with remoteness?
